

Dear Hope Lutheran Church,

Thank you for the generous gifts that you have provided me with throughout my undergraduate academic career. The financial assistance is greatly beneficial and is much appreciated. The scholarship money this year went towards tuition and buying books as well as helping me with rent.

This school year has been very busy for me. I am studying biomedical sciences as a part of the Pre-Veterinary program and will receive a minor in chemistry following this semester. I play football, and I am active in bible study sessions once per week as well as attending student led worship every Thursday night. I also work part-time as a biology and chemistry tutor for athletes along with multicultural students.

I am very thankful for all of the guidance that the congregation has provided me with while growing up, and for all of the financial support you have given me while I have been away at school.

Sincerely,

Adam Josephson
